1. Claims 1-17 are allowed.
2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 18-21 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Pinto et al. Pinto et al disclose first and second decorative rails 26,28,31,32 having decorative components 46-49,27,29,57,58 disposed flush therebetween on an exterior surface 15 of the panels 11-14.

The applicants state that the Pinto '896 reference does not have pinch resistant interfaces between the panels either before or after installation of the decorative overlays on the outer face of the panel. This is not convincing for there is nothing within the Pinto et al reference which would indicate that their panel arrangement is prone to pinching.

As to the applicants argument that the rails 26,28,31,32 of Pinto et al referenced in the Official Action are not formed integrally with the panels as now claimed, it should be noted that inasmuch as the rails 26,28,31,32 of Pinto et al are rigidly secured together so as to form a single unit the rails are combined so as to constitute a unitary whole.

Applicant's arguments have been fully considered but they are not persuasive.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
